AIs President's Forum 13 Dec 01

- Invite Industry to C2 Enterprise working groups and node manager meetings

- Determine how to provide sensitive information to industry

- Provide Roadmaps (e.g. Link 16, GMTI) and the TCT value chain to industry

AIs President's Forum 13 Dec 01

- Government will prepare a white paper to explain the C2 Enterprise strategy to include: communication, artifacts, Acquisition Approaches
- Identify a process by which industry can access the numerous Air Force testbeds

AIs President's Forum 13 Dec 01

- Government will prepare a white paper to explain the C2 Enterprise strategy to include: communication, artifacts, Acquisition Approaches

- Identify a process by which industry can access the numerous Air Force testbeds

- Use the 707 as an example of Air Force Industry partnership by exploiting near term technology to demonstrate capability

AIs President's Forum 13 Dec 01

- Investigate identifying a vehicle such as BPA or invitational travel orders by which we can invite industry to participate in assisting the Air Force in reviewing architectures, standards and other Enterprise related activities

- Explore institutionalizing Blue 2 Process, as part of Acquisition Planning

AIs President's Forum 13 Dec 01

- Set up a 707 testbed tour
- Consider creating video tapes of visions, e.g. Time Critical Targeting
